1. Risk of Rain 2 Wiki
2. This website will contain information about the videogame Risk of Rain 2. It will have tips and guides on the items, survivors, and maps in the game. New players can come to the website to learn the basics and what they can encounter while playing Risk of Rain 2. There would also be information about additional game modes aside from the main game. There will also be a blog page where people can post questions and answers about the game.
3. Home, Items, Survivors, Maps, About
4. The website will be storing the accounts users make along with their information. It will also store the comments the users post. The comments will be able to be manipulated by the users that created it and the administrators. Everyone will be able to view the comments.
